

Okra

[OK15-20 - Alabama Red Okra Seeds](#)

55 days. *Abelmoschus esculentus*. Open Pollinated. Alabama Red Okra. The plant produces good yields of red okra. This okra is delicious when fried, and adds color and unique flavor to salads when young. Makes some of the best fried okra. Harvest regularly when 4 to 6" long. An excellent choice for home gardens. An heirloom variety from Alabama, USA.

[OK35-50 - Beck's Big Buck Okra Seeds](#)

85 days. *Abelmoschus esculentus*. Open Pollinated. Beck's Big Buck Okra. The plant produces high yields of large green okra. The pods are remarkably tender and delicious. Harvest pods when they are young and tender. It is also known as the Snapping Okra because of the way it snaps easily off the plant when ready to harvest. An excellent choice for home gardens. An heirloom variety from Germany.

[OK23-10 - Beck's Gardenville Okra](#)

80 days. *Abelmoschus esculentus*. Open Pollinated. The plant produces heavy yields of okra. Very easy to grow. The pods are ready to pick when they snap off the stalks easily. Drought-Tolerant. An heirloom variety from San Antonio, Texas, USA.

[OK16-20 - Burmese Okra](#)

58 days. *Abelmoschus esculentus*. Open Pollinated. The plant produces good yields of 7 to 12" long light green okra. The pods are green and turn creamy yellow-green when mature. Large pods are tender, spineless, and very flavorful. At 4 to 10" long they are tender, sweet, and spineless enough to be eaten raw or added to salads. A great pickling variety. A favorite used in restaurants. Excellent choice for home gardens and specialty market growers. An heirloom variety from Burma, now known as Myanmar.

[OK19-20 - Cajun Jewel Okra Seeds](#)

53 days. *Abelmoschus esculentus*. Open Pollinated. Cajun Jewel Okra. This early producing plant produces high yields of 7 to 8" long okra. It is a spineless variety that is great for fried okra and making gumbo. Popular in the Southern parts of the USA. An excellent choice for home gardens and market growers. A 1950s heirloom variety from the USA.

[OK4-50 - Clemson Spineless Okra](#)

[1939 All-America Selections Winner!](#)

56 days. *Abelmoschus esculentus*. Open Pollinated. The plant produces heavy yields of flavorful 9" long dark green okra. It is still the most popular variety on the market. Leaves are spineless making it easier to harvest. Best if picked when 3" long. Used in making fried okra, gumbo, soups, stews, and meats dishes. An excellent choice for home gardens and market growers. An heirloom variety. United States Department of Agriculture, NSL 26508.

OK13-50 - Cow Horn Okra Seeds

60 days. *Abelmoschus esculentus*. Open Pollinated. Cow Horn Okra. The plant produces high yields of 14" long okra. The large pods remain spineless and tender up to 10" long, but are best when the pods are picked at 6" long. Great for making fried okra and gumbo. An excellent choice for home gardens and market growers. An heirloom variety dating back to pre-1865.

OK5-50 - Emerald Okra

55 days. *Abelmoschus esculentus*. Open Pollinated. The plant produces heavy yields of 6 to 8" long dark green okra. The pods are thick-walled, smooth, tender, and spineless. Stay tender even when very large. Best to harvest when 4" long. Retains color when frozen or canned. Perfect for soups, stews, fried, or boiled. Also known as Emerald Green Velvet Okra. An excellent choice for home gardens, farmer's markets, market growers, open production, and commercial production. A 1950 heirloom variety developed by the Campbell Soup Company, Riverton, New Jersey, USA. United States Department of Agriculture, PI 675122

OK14-50 - Hill Country Red Okra Seeds

70 days. *Abelmoschus esculentus*. Open Pollinated. Hill Country Red Okra. The plant produces good yields of 3 to 5" long green and red okra. The pods are green with red tips and red ribs. Great for making fried okra, soups, stews, and gumbo. An excellent pickling variety. Drought Tolerant. Excellent choice for home gardens. An heirloom variety from Texas, USA.

OK25-50 - Perkins Dwarf Long Green Okra Seeds

55 days. *Abelmoschus esculentus*. Open Pollinated. Perkins Dwarf Long Green Okra. This early maturing plant produces high yields of flavorful 8 to 9" long okra. An extra-large pod that is tender and very delicious. Great for making fried okra, soups, stews, gumbo, and casseroles. A perfect type for canning. An excellent choice for home gardens. An heirloom variety.
