

Rhubarb

RB2-100 - Glaskins Perpetual Rhubarb Seeds

Perennial. Rheum rhabarbarum. Open Pollinated. Glaskins Perpetual Rhubarb. The plant produces good yields of 24 to 36" long deep crimson red Rhubarb stalks. This is one of the fastest growing and best tasting rhubarb with excellent flavor and slender bright red stalks. Used to make pies, preserves, and other desserts. This plant will live for many years so plant it where you know you are going to keep it and self pollinating. An excellent choice for home gardens.

RB1-100 - Victoria Rhubarb Seeds

Perennial. Rheum rhabarbarum. Open Pollinated. Victoria Rhubarb. The plant produces high yields of 24 to 36" long deep crimson red Rhubarb stalks. Used to make pies, preserves, and other desserts. The best cooking rhubarb on the market. This plant will live for many years so plant it where you know you are going to keep it. An excellent choice for home gardens. An 1837 heirloom from England. United States Department of Agriculture, PI 665997.
