

Intermediate Day Onions

[ON3-100 - Candy Onion Seeds](#)

110 days. Allium cepa. (F1) Candy Onion. The plant produces excellent yields of jumbo size white onions. They grow bigger than softballs. Onions are incredibly sweet and mild. It can be successfully grown anywhere, in the North, East, South, Midwest, and West. It can be enjoyed late into winter if the bulbs are properly cured and stored in a cool, dry area. This is a good keeper and stores for months. An excellent choice for home gardens and market growers.

[ON40-250 - Southport White Globe Onions](#)

110 days. Allium cepa. Open Pollinated. The plant produces excellent yields of medium size onions. It is a firm and pungent onion that has a crisp and mild flavor. This Spanish-type onion is grown for commercial production. Perfect for soups, salads, and cooking. One of the best storage keepers. Also known as Silver Ball Onion and White Rocca Onion. It is named after a town in Connecticut, Southport, and grown along Connecticut's Mill River. Southport was known as the Onion Capital during the Civil War, and pickled onions were used to keep scurvy at bay. It can be grown in just about any climate, but it is particularly noted for its ability to thrive in cooler weather. An excellent choice for home gardens, market growers, and open field production. A long day onion for the Northern States. Cold Tolerant. An heirloom variety dating back to 1906. United States Department of Agriculture, PI 546207.
